Il Dott. Davide Bichelli ha frequentato il mio studio di Nutrizione per lo svolgimento del suo tirocinio teorico-pratico necessario al conseguimento del Diploma di Laurea

Davide si è mostrato sin da subito un ragazzo estremamente curioso e volenteroso nell'imparare a gestire il paziente a livello clinico. Sempre puntuale nelle giornate di presenza a studio, ha inizialmente osservato con interesse ed estremo rispetto per il paziente, come si conduce e organizza una prima visita: anamnesi, storia alimentare e come si gestisce la parte tecnica delle misurazioni.

Ha potuto fare esperienza pratica nell'utilizzo della strumentazione clinica (Bioimpedenziometria e interpretazione dei dati; utilizzo del plicometro nella stima e calcolo della massa grassa; misurazioni con il metro

Davide si è sempre dimostrato un ragazzo desideroso di imparare, capire come gestire situazioni cliniche più o meno difficili e il suo carattere empatico gli ha permesso di entrare facilmente in contatto con i pazienti, capire le loro esigenze in sede di visita di controllo nei cambi del piano alimentare

Translation:

Dr. Davide Bichelli came to my Nutrition practice for his theoretical-practical training required to obtain his degree.

From the very beginning, Davide proved to be an extremely curious young man, willing to learn how to manage patients on a clinical level. Always punctual in his days at the practice, he initially observed with interest and extreme respect for the patient, how a first examination is performed and organized: anamnesis, dietary history, and how to handle the technical part of the measurements.

He was able to acquire practical experience in the use of clinical instrumentation (bioimpedance analysis and data interpretation; use of the plicometer to estimate and calculate fat mass; measurements with the meter.

Davide has always been eager to learn, to understand how to handle more or less difficult clinical situations, and his empathic character has allowed him to easily get in contact with patients, to understand their needs during revisions when changing the dietary plan.

To Whom It May Concern,

I am writing to offer a reference for Davide, who served under my supervision as a culinary storyteller in an international setting. During their tenure from September/2023 to December/2023, Davide consistently demonstrated exceptional skills in blending storytelling, cultural engagement, and culinary expertise.

In their role at Paella Maestro, Davide exhibited a unique talent for incorporating narratives into the culinary experience. Fluency in English and Spanish enabled him to build trust and collect very positive feedback with the people with whom he came in contact.

Beyond their culinary skills, Davide displayed strong interpersonal and communication abilities. They effectively engaged with colleagues and customers, contributing to a positive and collaborative working environment. Davide was not only a valuable team member but also someone who could be relied upon to deliver high-quality work independently.

I believe that Davide's storytelling expertise, coupled with their culinary background, would make them a strong candidate for roles that require effective communication, cultural sensitivity, and leadership. Their experience in an international setting aligns well with positions that involve promoting excellence in diverse contexts.

I am confident that Davide will bring the same dedication, creativity, and professionalism to any future endeavors.

Sincerely,
